

Watson Wayne, Rose Coloured Glasses

Wayne Watson

Heavenly Father--Have You got a moment
There's something I don't understand
How from Your window--Watchin' Your children
You hold back the wrath of Your hand
Does Your window pane--Bear a lasting stain
That a sinful rain can't wash away

Chorus

His gaze always passes thru rose coloured glasses
Everytime He looks on my heart
And thru love's forgiveness
Thru purity's fire

I am my God's desire

Heavenly Father--Just one more question

I don't mean to take so much time

But tell me--How much did it hurt You

To give from Your garden

The most lovely rose from Your vine

When the petals fell--When the colours ran

Was it then and there You first saw me holy

Chorus
