

# Watson Wayne, Rose Coloured Glasses

Wayne Watson

Heavenly Father--Have You got a moment  
There's something I don't understand  
How from Your window--Watchin' Your children  
You hold back the wrath of Your hand  
Does Your window pane--Bear a lasting stain  
That a sinful rain can't wash away

Chorus

His gaze always passes thru rose coloured glasses  
Everytime He looks on my heart  
And thru love's forgiveness  
Thru purity's fire  
I am my God's desire

Heavenly Father--Just one more question  
I don't mean to take so much time  
But tell me--How much did it hurt You  
To give from Your garden  
The most lovely rose from Your vine  
When the petals fell--When the colours ran  
Was it then and there You first saw me holy  
Chorus
