

Watson Wayne, We Belong To Him

Jeff Nelson

Galatians 2:20/Isaiah 43:1-3

How can we live in sin

Knowing he died to free us

>From the chains within our soul

Let us give the Lord control

Of all the things that quickly bind us

And walk no longer in darkness

We belong to Him--We belong to Him

Crucified right by His side

Bought with a price through one sacrifice

We belong to Him

Now is the time to understand

That sin has no reign on us

The power of life in Jesus Christ

Has made us free from the ways of death

Chorus

We belong to Him--We belong to Him

Crucified right by His side

Bought with a price through one sacrifice

We belong to Him

Flesh of His flesh--Bone of His bone

Born of His blood--His very own

We belong to Him

At Calvary God's Son was made an offering

The price required--It was paid in full

The Word of God was spoken

The power of sin was broken

God's chosen seed has been redeemed

Chorus
