

Watts John, One Voice

There's a new generation that's sick of blowing in the wind.
The love cures all mentality is finally coming to an end.
And now it's time to wake up, oh, oh and see.
And now it's time to wake up, oh, oh and see.
ONE VOICE....ONE VOICE....ONE VOICE....ONE VOICE.
I'm not a statistician but you don't need much expertise to see
the situation like some incurable disease.
And now it's time to wake up.... ONE VOICE....ONE VOICE....
And here it comes again. And here it comes again.
And now it's time to wake up, oh, oh and see....
ONE VOICE....ONE VOICE.
