

Wave, Daydream

Sunshine, strawberry wine
A little taste, of leather and lace
Colour blind, its all in my mind
Temporary insanity
When everything is wrong

Chorus:
Its a perfect day for feelin this way
Its a hell of a time for speakin you mind
When nothing is as it seems
Daydream

Candy, sweet as can be
I'm so tall, I'll crush em all
Higher, flying away
Wave goodbye to yesterday
When everything is wrong

Chorus

Bridge:
For so long I've been tired of the things i do
For so long, all this weight up on my shoulders
For so long I've been tired of the thing I do
For so long, so long

Sunshine, strawberry wine
A little taste of leather and lace
Colour blind, its all in my mind
Temporary insanity
When everything is wrong

Chorus
