

Wave, It's A Drag

I never understood
I thought we had it good
I never realized
Baby what a big surprise
It was just too quick for me
Didn't leave me time to breathe

chorus:
It's a drag, to have a broken heart
If I can't hang around with you
Then that's the hardest part
And I really have to say
That I hate to feel this way
It's a drag, to have a broken heart

Everybody knows
How the story goes
You were letting go
Why was I the last to know
Then it hit me suddenly
As I watched you leave

Chorus

It's just hard letting go
Don't say I told you so
Maybe somewhere down the road
Down the road.....

Chorus
