Wave, It's A Drag

I never understood
I thought we had it good
I never realized
Baby what a big surprise
It was just to quick for me
Didnt leave me time to breathe

chorus:

Its drag, to have a broken heart
If i cant hang around with you
Then thats the hardest part
And i really have to say
That i hate to feel this way
Its a drag, to have a broken heart

Everybody knows
How the story goes
You were letting go
Why was I the last to know
Then it hit me suddenly
As i watched you leave

Chorus

Its just hard letting go
Don't say I told you so
Maybe somewhere down the road
Down the road.....

Chorus
