

Wavorly, How Have We Come This Far

In the beginning when all this was something new
I was younger
They say when you're older you have it figured out
Did I take it for granted?
How do you see right through my faltering?

Turning around was never so hard
Until I found us far apart
Turning it over I'm left to wonder
How've we come this far
Now, how've we come this far?

Hands that are reaching
To a world that's turned away from You
Truth that is sobering
Your love will never cease finding the lost ones
Letting go of all my pain

Falling down is oh, so hard
I am torn, I am bruised
Finding grace in every scar
I am whole, I am new
