

Waylon Jennings, Baby Don't Be Looking In My Mind

Baby don't be looking in my mind you might not like what you find
For honey I know you better than you think I do so baby don't be looking in my mind
Don't expect sweet I-love-you's on and on if I didn't love you I'd be gone
Don't change the way I live just take what I can give
And baby don't be looking in my mind

Don't expect my every thought to be of you for I'm a man and men have things to do
I'm proud to be your man and I love you all I can
But baby don't be looking in my mind
(ac.guitar)
Don't expect my every thought to be of you...
Baby don't be looking in my mind
