

# Waylon Jennings, Leavin' Town

(Bobby Bare)

There she goes again see her smiling  
So happy with the new love that she's found  
See her whisper in my ear  
All those things I used to hear.

Oh, how that hurts me so I'm leavin' town  
She's the reason why I'm leavin' town  
I'm going far away where no one knows me  
When morning comes well, I won't be around.

To see her whisper in his ear  
Kiss and call him dear  
Oh, I can't stand that so I'm leavin' town  
Bet she's even glad I'm leavin' town.

--- Instrumental ---

I'm going far away where no one knows me  
When morning comes well, I won't be around  
To see her whisper in his ear  
Kiss and call him dear.

Oh, I can't stand that so I'm leavin' town  
Packin' up my hurt and leavin' town  
Mhm, leavin' town  
Bet she's even glad I'm leavin' town...
