Waylon Jennings, Lookin' For A Feeling

(Waylon)
I'm lookin' for a feeling that I once had with you
Lookin' for a feeling I have grown accustomed to
I've had love and I've had lovers but they never seem to do
I keep lookin' for a feeling that I lost when I lost you

I said when it was over I'd be over you in time Because nothing lasts forever it's all a state of mind I found one love I'll find another heaven knows how hard I've tried But there's something always missing something never satisfied I keep lookin' for a feeling...
