

# Waylon Jennings, W B P T

About fourteen miles out of Abilene  
At a curve in the road and a little stream  
I found out what love's about  
So long ago wonder what I found out

We all got together at the Buffalo Gap  
Granpa Gus ain't got no lap  
He went to heaven in a rocking chair  
What a surprise if he ain't the only one there

You've got a man over eight feet tall  
He can sleep in the kitchen with his feet in the hall  
You ain't much more than five feet two  
I bet you can do anything you've a mind to

This little song means nothing to you  
Wouldn't matter at all if you wanted it to  
Just part of my life and part of the show  
Ain't that good but I thought you might want to know
