

# Wayne Brady, All Naturally

I love to see you in the morning right as you're waking up  
I'm sure the last thing on your mind is just how good you look  
You never have to try hard  
Your beauty's way off the charts  
Waking up with you still takes my breath away  
Cause it's so amazing girl to be with someone like you  
Outside you're stunning just as deep on the inside too  
Even in tennis shoes and jeans  
Always look so hot to me  
So baby listen carefully

You don't have to wear lipstick  
To make me wanna come taste you your kisses  
And you don't have to get your hair did  
And I still wanna run my fingers all through it  
You don't have to get your nails done  
With your girlfriends, by the corner store,  
It's not gonna make you anymore beautiful,  
You don't have to wear lingerie, just to impress me,  
Cause I love you All Naturally

Every time you and I go out  
The fellas all stop and stare  
And I know they see me  
But you're so fine they just don't care  
I never get too upset  
Cause girl I know who you wit'  
Matter fact it validates the way I feel  
You always think if you're not made up no one will look  
But girl you could put make-up out of business for good  
Cause on a scale of a 1 to 10  
You're about a one million  
So mama pay close attention

You don't have to wear lipstick  
To make me wanna come taste you your kisses  
And you don't have to get your hair did  
And I still wanna run my fingers all through it  
You don't have to get your nails done  
With your girlfriends, by the corner store,  
It's not gonna make you anymore beautiful,  
You don't have to wear lingerie, just to impress me,  
Cause I love you All Naturally

I want you girl so naturally, I want you girl so naturally  
I want you girl so naturally, I want you girl so naturally

You don't have to wear lipstick  
To make me wanna come taste you your kisses  
And you don't have to get your hair did  
And I still wanna run my fingers all through it  
You don't have to get your nails done  
With your girlfriends, by the corner store,  
It's not gonna make you anymore beautiful,  
You don't have to wear lingerie, just to impress me,  
Cause I love you All Naturally
