

WAYNE WATSON, I Could Live Without You

I could live without You
I know I could get by
Millions of people do
Why couldn't I
I could live without You
Through the motions once again
Maybe even laugh and smile
Oblivious to sin
But why should I merely survive
Content with just being alive
The best life can offer
The world and its gold
Is nothing to the treasure of Your hold
I could live without You
But what would living be
Not a chance of escaping Hell
A dark eternity
Now I have the strength to say
Lord, I've seen life from both shores
Before I chose You, Jesus, You chose me
Now find me fully Yours
