

WAYNE WATSON, More Than A Little Unusual

Everybody is picking on you,
Your not like everybody else,
And even when the big bad world backs off just a little,
Your still pretty hard on yourself.
Feel like you just don't fit in much,
But your faith, your conviction is strong,
and Just because you march to the beat of a different drummer
hey, that doesn't mean that your wrong.
ya see, Jesus was a ???,
do ya think he cared?
what people thought about him?
they thought he was weird.
Didn't it keep him from his mission,
didn't keep him from his call,
He was more than a little unusual,
I tell ya, He was more than a little unusual.
You gotta watch out who you're hang around,
Watch out who your listening to
and just because its on tv or you read it in the paper,
hey, that doesn't mean that it's true,
Sometimes you're paddling upstream,
and sometimes you gotta go with the flow,
Which is which in what is what and when do whatever,
and God you gotta help us to know,
ya see, Jesus was a ???,
do ya think he cared?
what people thought about him?
they thought he was weird.
Didn't it keep him from his mission,
didn't keep him from his call
He was more than a little unusual,
I mean, He was more than a little unusual.
Don't wanna be tied to the things of the world,
By the strings of the world, (no)
I wanna walk a mile in your shoes, Jesus.
Do what you do, go where you go.
I'll tell ya, Jesus was a ???,
do ya think he cared?
what people thought about him?
they thought he was weird.
Didn't it keep him from his mission,
didn't keep him from his call
He was more than a little unusual,
I mean, He was more than a little unusual.
I believe, he was more, he was more, he more than a little unusual.
