

WayV, Love Talk

loving the way you wanna talk
touch me tease me
feel me up
callin'
something in the way you wanna talk

yo got me sayin'
you got me sayin
how you doin'
tell me what's your name
what's your sign

feelling like you're into me
I am waiting
I just want you to come on over
where I am staying

falling for a stranger
good gracious
I might even fly out to Vegas
catch a flight
I am thinking maybe
you'd down to do it
