

# We Are Defiance, Welcome To The Sunshine State

I am the thief among the thieves,  
The angst in your blood  
The cause of your depression,  
Here's a lesson give up.  
You're half the man I am,  
I'm who you struggle to be  
And the fact that you won't suffer  
Is what tortures me.

How does it feel to try to be like me?  
You think you're tough until your heart stops beating.  
How does it feel to try to be like me?  
You think you're tough until your heart stops beating.

Man the fuck up.
