

# We Are Defiance, You're Killin' Me Smalls!

Can you spare a minute for me to clear the fucking air  
It's been too long and too many songs  
and its obvious that you don't care  
I put my faith in nothing, for you to walk away

Break out the lies, you have nothing left to say  
It's time to leave cause I couldn't believe  
what you were telling me  
But I don't mind that I'm on my own,  
now you're stranded all alone  
Is that all you can say "are you better off this way?"

You call me selfish, you would be with a life like this  
I can't breathe and I can't believe you would leave  
for something like this  
I put my faith in nothing, for you to walk away

You've sentenced me to death..! [Breakdown]
