

We're About 9, Grasshopper

flowers
milk
cardboard
i'm coming down on
don't try to catch me, i'm already gone
over your fence ?thing, above your lawn

i'm the indestructible one
i am the grasshopper
i'm the indestructible one
i am the grasshopper
i am invincible

babies
puppies
elephants
look at them fearing me
obeying gravity, i'm flying free
straight through the search lights and into the trees

i'm the indestructible one
i am the grasshopper
i'm the indestructible one
i am the grasshopper
i am invincible

call out
the dogs, the guards
this one's got roller skates on
stilt legs bent wings
and it's hours 'til dawn
we'll need
bull horns and handcuffs
don't forget your guns

if i could hold still the morning
maybe the danger, the nightmare, the fun will be over
oh if my legs cramp i'll be in trouble
it's time to run

flowers
milk
cardboard
i'm coming down on
don't try to catch me, i'm already gone
over your fence ?thing, above your lawn

glittery blue and red flashlights accent me
making paintings on the breeze
i do a back flip when i sneeze
something so majestic should never be seized

i'm the indestructible one
i am the grasshopper
i'm the indestructible one
i am the grasshopper
i am invincible
