

# We Shot The Moon, The Water's Edge

And don't you know you got me whenever you want me  
And in the blurring of all these colors it's yours I see  
And I don't mind, no I don't mind  
And I don't mind, no I don't mind.

And I walked by the water's edge  
And I heard everything you said  
Woah

You might think I would never see  
But they all made it back to me  
Woah

And who am I to think that there's no getting used to  
A love of start and stop and slow down  
I'm trying to let my guard down another time  
No I don't mind  
And I don't mind  
No I don't mind that I remember.

And I walked by the waters edge  
And I heard everything you said  
Woah

You might think I would never see  
But they all made it back to me  
Woah

And to be someone with a dream  
That's not what you're after  
So meet all those down the street because  
Woah
