

# Webb Pierce, I'll Never Have To Be Alone

One of these days yes I know I&#039;m gonna find me a girl  
A pretty little girl a dolly I can call my own  
And that&#039;ll be the day I&#039;ll be sittin&#039; on the top of the world  
Me and my girl then maybe baby I&#039;ll never have to be alone  
I ain&#039;t never had a love affair nobody for my very own  
The pages are empty in my little black book I walk in the moon alone  
One of these days yes I know I&#039;m gonna find me a girl  
A pretty little girl then maybe baby I&#039;ll never have to be alone  
[ guitar ]  
One of these days the sun&#039;s gonna shine right through my front door  
A pretty little girl is gonna walk about ten I&#039;ll never be lonely no more  
And that&#039;ll be the day I&#039;ll sit on the top of the world  
Me and my girl then maybe baby I&#039;ll never have to be alone.
