

Webb Pierce, I've Got My Fingers Crossed

I've got my fingers crossed I pray our love isn't lost
It all depends on you honey what have we gonna do

Each time our fingers touch you know I love you so much
It all depends on you honey what have we gonna do
I'll love you till I die it would hurt me to see you cry
You're my every dream my every scheme don't ever say goodbye
I've got my fingers crossed...
I'll love you till I die...
I've got my fingers crossed...
