

Webb Pierce, Whirlpool Of Love

(Whirlpool whirlpool of love

Everyone says stay away from her door)

You'll end up with heartaches like you ain't before

But I'm lonesome for you in this world that I call a whirlpool of love

(Nothing seems good for me when you're away)

If I'm sad or happy in the night time or day

It all depends on you darling you see in this whirlpool of love

You brought me many heartaches before

But in your heart dear you know

(I am still waiting for you as before)

Soon I'll be knocking on your heart's door

One word from you will set me free from this whirlpool of love

You brought me many heartaches before...

(Whirlpool whirlpool of love).
