

Webb Pierce, Who Do I Think I Am

Who do I think I am

What made me think that I could live without her who do I think I am

What made me think that she couldn't forget me who do I think I am

Why did I tell myself I was her one and only

I should have realized and end up alone and lonely

What made me think that she couldn't find another who do I think I am

[piano]

Why did I tell myself...

Who do I think I am.
