

Webb Wilder, Move It

"Move It"

Come on, pretty baby, let's move it and a groove it
Shake it, honey, shake it, honey, please don't lose it, uh huh
This rhythm it gets into your heart and soul
Let me tell you, baby, it's called rock and roll

They say it's gonna die but, honey bee, let's face it
That they just don't know what's going to replace it, uh huh
Ballads and calypsos, they got nothin' on
Real country music it just drives along, ah huh
Now, honey, move it

Ah ha, come on, pretty baby, let's move it and a groove it
Shake it, honey, shake it, baby, please don't lose it, uh huh
This rhythm it gets into your heart and soul
Let me tell you people it's called rock and roll

Well they say it's gonna die but, honey bee, let's face it
They just don't know what's going to replace it, uh huh
Well ballads and calypsos, they got nothin' on
Real country music it just drives along, ah huh
Now, honey, move it

Yeah move it
Now, honey, move it

Now, honey, move it
