

# Wedding Present, (The Moment Before) Everything's Spoiled Again

Have I said something wrong?  
How can I know if you're not going to speak to me?  
There I am, in your eyes  
We're only playing, but what am I saying?  
What am I saying?  
What am I saying?

"Oh there's no one like you  
No one like that now  
There's always some way  
That you could bring me down

Maybe it's just that I fly too high  
But the ground is hard (it always hurts me)  
When I fall over sideways and break out in sores  
And people start laughing; but it's not what I'm into

I don't expect you to know  
I don't expect you to know

And when the sound of your laughter is getting too hard  
and people start staring, but nowhere is better than  
Lying down here with you  
And no one is supposed to know how I feel, but

I don't expect you to know  
I don't expect you to know

It's just that I don't want you to go  
It's just that I don't want you to go  
Don't leave me alone again  
I never wanted that again  
Don't leave me alone again  
I never wanted that again
