

# Wednesday 13, Die Sci-Fi

I'm the rotten seed in the mouth  
Of a world that wants to spit me out  
No longer human by tomorrow

I'm the scum of the earth  
I'm a galactic reject birth  
No longer human by tomorrow

Erase myself from the human race  
All aboard this rocket into space  
I'll die Sci-Fi  
And kiss the earth goodbye

In the cosmic hands of death  
Is where I'll take me last breath  
No longer human by tomorrow

Into the stars, sparkling bright  
I'll die Sci-Fi  
No longer human by tomorrow

Erase myself from the human race  
All aboard this rocket into space  
I'll die Sci-Fi  
And kiss the earth goodbye

I'll kiss the earth goodbye  
Die Sci-Fi, die Sci-Fi  
Die Sci-Fi, die Sci-fi  
Die Sci-Fi, die Sci-fi
