

# Wednesday 13, Insides Out

Bow down to me, my sweet amputee  
I never hesitate the chance to mutilate  
And now I take this knife  
With it I'll take your life  
But first lets take a look of what you've got inside

I want your... insides out  
Insides out

Your pretty face will pay  
For all the ugly things  
I'll carve upon you in the most horrific ways  
I've saved the best till last  
Your death won't be fast  
I'm gonna make you scream, for eternity

I want your... insides out  
Insides out

Insides out

Scream for me  
Bleed for me  
Cry for me  
Die for me

Insides out  
Insides out  
Insides out  
Insides out
