

Wednesday 13, Thank You Satan

You made me realise that life was worth living - so i gave it one more try
All my faith I put in you, time after time you proved yourself so true
You're the devil, take off the D it spells evil and that make me so happy
All your words they give me strength and i'm e-v-i-l confident
I believe in a lot of things...

And i believe the devil's alright with me

You're the gift that keeps on giving... Thank you Satan

You made my life worth living... Thank you Satan

You made all my dreams come true... Thank you Satan

You know Satan, I love you... Thank you Satan

Everyday i look in the mirror and everything becomes so clearer

You're the reason for the season and it's true Satan I love you

Don't go to heaven, go to hell it's more fun and they'll treat you really well

If you believe you can succeed i'm living proof now look at me

I believe in a lot of things...

And i believe the devil's alright with me

You're the gift that keeps on giving... Thank you Satan

You made my life worth living... Thank you Satan

You made all my dreams come true... Thank you Satan

You know Satan, I love you... Thank you Satan.
