

Weekend Excursion, Best Friend

You layed down your law today
And left me with so much more to say
You told me what you saw in me
But there's still so much more to see

Bridge:

I understand your fear
And I promise I'll be here

Chorus:

I'm more than a best friend
'Cause I've been here all along
I know I'm the best man
This is where I belong

I hope I didn't move too fast
It's always slowed me in the past
Your titles keep us

Bridge

Chorus

And I understand your fear
And I promise I'll be here

Chorus

I'll be your lover
I'll be your friend
And I'll stay here till the end
I'll be your lover
I'll be your friend
And together we will stand
I'll be your lover
I'll be your friend
And together we will stand
I'll be your lover
I'll be your friend
Girl I'll stay here till the end

Don't call
Don't call
Don't call me best friend

This is where I where I belong

Don't call me best friend
