

Weekend Excursion, What We Deserve

When you say you need to talk to me
Sayin there's somethin on your mind
Please try to forgive me
If I just cant find the time
Cause theres nothing more to say
If you look away

Chorus:

Will you remember that you deserve so much better?
It'll all be okay
See I remember when we talked and it seemed like forever
And it made my day

When you threaten to call it quits
He says he'll make your life a livin hell
Try not to wonder what might have been
Cause theres no way to tell
And nothin more to do
If you dont make an effort to

Chorus

Well I know its hard to do it but
Dont let them bring you down
Pick up the phone if you need a friend
Girl I'll always be around

Chorus
