

# Ween, My Own Bare Hands

I can build an aeroplane  
that travels over land  
I can take your DNA  
and replicate a man  
I can do so many things  
with my own bare hands  
I'd love to be your ass checker  
stick it up your ass  
I'm gonna be your lawnmower  
and cut your fucking grass  
I can do so many things  
with my own bare hands

She's gonna be my cock professor  
studying my dick  
She's gonna get a master's degree in fucking me

I can do so many things  
with my own bare hands  
Take a shit on the bitch and fuck hooba-jooaba  
suckin' on my shit  
Kicking with a pussy and jab a motherfucker  
and suck my fucking dick  
I can do so many things  
with my own bare hands  
Fuck it!  
ow!  
I can do so many things  
with my own bare hands  
with my own bare hands  
with my own bare hands  
with my own bare hands
