

Ween, SHE FUCKS ME (II)

[studio version appears on "The Pod"]

Stu's back on stage, ladies and gentlemen, Stu!

Ha ha ha ha!

We got Stu back!

Reggaejunkiejew!

I know... I know how you feel

You want your jew

He's doin' hard time, fuckin' federal petenen- penitentiary

Uh oh

Pork roll egg and cheese on a kaiser bun

[repeat throughout background of song]

I met her at the Living Earth Show

She crossed the room, the lights sank low

We're together, she really digs me -- she fucks me

Who could think I could be so happy?

When I'm cold, I know she's keepin' me warm

We're together, she really digs me -- she fucks me

She's in my arms, she's in my heart, yeah

Pins and needles up and down my spine

We're together, she really digs me now

She fucks me, she fucks me

She fucks me

She fucks me

Right on

She fucks me, D.C.

On the downlow

We love you, D.C.
