

# Ween, Up On The Hill

Up on the hill, down by the river  
By the ocean, across the field  
By the word of the boognish  
I said, "lordy lordy lord, i'm comin' home"  
(lordy lordy lord, i'm comin' home)

When i was younger my momma told me  
She said "gener, i wanna smell it."  
And then she smelled it and it was smelly  
And she said, "lordy lordy lord, i'm comin' home"  
(lordy lordy lord, i'm comin' home)

In a dream said he was comin'  
Boognish was risin' up from the mist  
He held the scepter of wealth and power  
And said, "by god, i've come to take you home."  
(by god, i've come to take you home)
