

Weeping Tile, Unshaven

I still got my ticket
From the empire state wicket
Where we took it up 110
It was four for observatory
You're lookin' straight down to gridlock
Corner story
Let's go uptown tomorrow
We'll do it again

Don't wake me up I was having a dream
I was running from the cops
Getting away clean
It was a little excitement
I needed a dose and
I think I came close
I came close

Am I alone in this feeling?
Am I alone in this feeling?
Am I alone in this feeling?
Unshaven
Of course I am
Unshaven
Of course

Well those are dry words
We should moisten 'em up
With a drink
Are those my words?
Are you listening to me think?
It was four for observatory
You're lookin' straight down to gridlock
Corner story
Let's go uptown tomorrow
We'll do it again
We'll do it again
We'll do it again

Am I alone in this feeling?
Am I alone in this feeling?
Am I alone in this feeling?
Unshaven
Of course I am
Unshaven
Of course
I am
