

# Weeping Willows, Good Night Moon

Good night moon  
You've followed me  
You're my guiding light  
Through this mellow night  
Happiness is out of sight  
Good night moon  
Good night moon  
You keep me safe  
And you remind me of  
No matter how tough  
I'm still strong enough  
Good night moon  
You wear me out  
And I'm felling used  
Tired and confused  
I am not amused  
Good night world  
Good night moon!
