

# Weezer, Christmas Celebration

christmas celebration  
all around the nation  
won't you stay with me tonight  
cuz i'm running out of fight  
and the pagentry is such a bore

carollers are singing  
registers ka-chinging  
and the presents are in place  
but i'd rather eat some mace  
'cause that egg nog always make me sick

you know how the story goes  
you've seen it all before  
that man is so obese that  
can't get out the door

christmas to perfection  
i'm begging for some action  
and the ringing in my ears  
is the sound of christmas cheer  
'cause they've knocked me screaming overboard

you know how the story goes  
you've seen it all before  
that man is so obese that  
can't get out the door

you know how the story goes  
you've seen it all before  
that man is so obese that  
can't get out the door

christmas celebration  
all around the nation  
won't you stay with me tonight  
cuz i'm running out of fight  
and the pagentry is such a bore

the pagentry is such a bore  
the pagentry is such a bore  
the pagentry is such a bore  
the pagentry is such a bore
