

# Weezer, Fifteen Minutes To Rock

Hey, Neighbour  
Can you give me the time?  
It always feels like it's rock-thirty in my mind  
Are you up for it?  
Are you ready to run?  
Turn it out and shout your way through the next song

I am only happy when it's possible

Fifteen minutes to rock  
It only takes  
Ten minutes to rock  
It only takes  
Five minutes to rock  
It only takes, Ooh

Fifteen minutes to rock  
It only takes  
Ten minutes to rock  
It only takes  
Five minutes to rock  
It only takes, Ooh  
(Let's go!)

Don't matter  
Any time, any day  
Just come for fun and all will be okay  
Poindexter  
Nothing to figure out  
Every line can rock so stop worrying about

I am only happy when it's possible

Fifteen minutes to rock  
It only takes  
Ten minutes to rock  
It only takes  
Five minutes to rock  
It only takes, Ooh

Fifteen minutes to rock  
It only takes  
Ten minutes to rock  
It only takes  
Five minutes to rock  
It only takes, Ooh  
(Let's go!)

I am listening for a spark  
Hold yourself for the good part  
I am listening  
Cause I want to hear a hitch  
I want to hear it quick  
We're all diving in it  
Right here, listening (?)  
I am listening

(Ha!)

Commotion  
Fills up all of the space  
Don't you know I won't show if I've got my own place  
Cause I want to hear a hitch  
I want to hear it quick

Hell, you can rest assured  
Hey, neighbour

I am only happy when it's possible

Fifteen minutes to rock  
It only takes  
Ten minutes to rock  
It only takes  
Five minutes to rock  
It only takes, Ooh

Fifteen minutes to rock  
It only takes  
Ten minutes to rock  
It only takes  
Five minutes to rock  
It only takes, Ooh

(Let's go!)
