

# Weezer, Haunt You Everyday

I don't feel the joy  
I don't feel the pain  
You were just a toy  
I am just insane  
Walking on my own  
Leaving you behind  
You were crying out  
That you need to speak your mind

[Chorus:]

Ohhh  
So alone in love  
So alone in love  
I'm going to haunt you everyday  
Haunt you everyday  
I am gonna kill  
When I need a thrill  
Eating at the heart  
until I've had my fill  
When will stupid learn?  
Fires gonna burn  
Think of consequence  
Then you move when it your turn

[Chorus:]

Ohhh  
So alone in love  
So alone in love  
I'm going to haunt you everyday  
Haunt you everyday

[Guitar Solo]

Walking on my own  
Leaving you behind  
You were crying out  
That you need to speak your mind

[Chorus:]

Ohhh  
So alone in love  
So alone in love  
I'm going to haunt you everyday  
Haunt you everyday  
haunt you everyday
