

Weezer, It's Easy

Let's not be mean to each other
There's no need for name callin'
There's no need for chain ballin'
Let's be nice, babe, it won't kill us

Let's just be kind to each other
There's no need to go further
There's no need to chain an order
Let's be nice, babe, it won't kill us

I caught you and
Called you on it
You lied to me
You lied all about it

Give it time, give it up
Draw the line, raise the cup
It's easy (Easy)
Not to be mean

Let's work it through and defuse it
There's not need for the cussin'
There's no use for ball bustin'
Let's be nice, babe, it won't kill us
Oh

I caught you and
Called you on it
You lied to me
You lied all about it

Give it time, give it up
Draw the line, raise the cup
It's easy (Easy)
Not to be mean

I caught you and
Called you on it
You lied to me
You lied all about it

Give it time, give it up
Draw the line, raise the cup
It's easy (Easy)
Not to be mean

Time, give it up
Draw the line, raise the cup
It's easy (Easy)
Not to be mean

It's so easy (Easy)
So easy (Easy)
So easy (Easy) Yeah
So easy (Easy)
