

# Weezer, Mykel & Carli

Back in wilson high  
I had two best friends  
They lived down the block  
Where eagle ct. ends  
One she cared for my bones  
Fed me ice-cream cones  
One she cared for my happiness  
And wouldn't leave me alone  
Back in wilson high  
Said I had these two best friends  
Till the school bus came  
And took my friends away

Now I'm left alone at home  
To sit and think all day  
Hear you me, mykel  
Hear you me, carli  
They gave me a hat  
The hat was awful rad  
Wore it everyday  
Made my teacher mad  
She tore it off my head  
Now my head's well read  
My head gets cold at night sometimes  
But I can't be misled
