

Weezer, No Show

Wash your stupid hair
Change the clothes you wear
I never really cared
Comb your stupid hair
How long 'till you see clearly?
It's on you see softley, How long?
Quite on time
Can't make up your mind
I never really cared
How you wear

Lady kept me waiting, for an hour
I started facing and steppin' on the flowers
I got to lookin' in a matter
I saw the answer on why you're not here
You kept me waiting , for an hour
In my hand, In my hand
You No Show, you Know Show, I know you wouldn't go
You Know Show, you Know Show
You don't go, You're a No Show
