

Weezer, Take My Place

Decorate, celebrate, pave the way, and be on time
Anyone can say time will unbrake
If you wanna take away the pain
Then Take My Place
And change you're name for I can't wait
I can't wait

Don't hesitate to be my name
Anyone can say timing will unbrake
I'm still upon you're shells
For I can't take away the pain
And Take My Place
