

# Weezer, The Angel And The One

It's not my destiny to be the one that you will lay with  
So many reasons why I have to go but want to stay here  
Sometimes I want to taste but then I don't know what I'm saying  
You are the angel, and I am the one that is praying

There is another love that I would rather be obeying  
I see the ecstasy and already I'm anticipating  
I feel a deeper peace and that deeper peace is penetrating  
I got the magic in me, I am complete is what I'm saying

I'm flying up so high  
My purple majesty displaying  
I've reached a higher place that no one else can make a claim in

I'll take you there, my friend  
I'm reaching out my hand, so take it  
We are the angels  
And we are the ones that are praying

Peace, shalom  
Peace, shalom  
Peace peace "(peace peace)"

Peace, shalom  
Peace, shalom  
Peace peace "(peace peace)"

Ooh-hoo, ooh, ooh, ooh  
Ooh-hoo, ooh, ooh, ooh
