

Weezer, We Go Together

We go together
And that's to stay
And in the future
We'll always play

Looks like a big surprise
Hands up, it's in your eyes

We go together
And that's for sure
And in the future
We'll still be pure

Looks like a big surprise
Hands up, it's in your eyes

Here she comes again
Here she goes again
That's true

Looks like a big surprise
Hands up, it's in your eyes

Here she comes again
Here she goes again
That's true, oh

We go together
And that's to stay
And in the future
We'll always play

And in the future
We'll always play
