

# Weezer, We Go Together

We go together  
And that's to stay  
And in the future  
We'll always play

Looks like a big surprise  
Hands up, it's in your eyes

We go together  
And that's for sure  
And in the future  
We'll still be pure

Looks like a big surprise  
Hands up, it's in your eyes

Here she comes again  
Here she goes again  
That's true

Looks like a big surprise  
Hands up, it's in your eyes

Here she comes again  
Here she goes again  
That's true, oh

We go together  
And that's to stay  
And in the future  
We'll always play

And in the future  
We'll always play
