

Wehrmacht, Jabberjaw

Don't you always hate it, after some
girls been drinking, They'll act like
stupid idiots and they'll never shut up
talking! They'll blab your bleeding ears
off and they're always extremely loud!
As you sit there wondering, "What's this
chick talking about?"

And then one starts to hang on you!
Like you're going out. So yuo tell the wench
to go away, which causes her to pout!
So she tells her friends taht you stuck
up, and you have a bad attitude. So you tell
the "I'll put you on my list" and then
she'll have to wait for you!
