

# Wehrmacht, Shark Attack

Screaming in anguish the pain starts to burn  
and then you lose all control  
The razor sharp teeth are hungry for flesh  
its, wrath needs to unfold

(Chorus)

Frenzy begins, their all coming back  
To commit lethal sins, Shark attack

Swimming the ocean in search of its prey  
it loves to eat you alive, showing no fear  
its eyes can see on you only you it will thrive

(Repeat Chorus)

Devouring everything in its sight this eating  
machine from hell, delivering a package that's  
labeled as death a story you won't live to tell

(Repeat Chorus)

(Solo: J.D.)

(Solo: M.E.)

Now you have come to see a dead end through  
eyes that have seen better days  
It shreds apart all your limbs in a water  
of blood red haze

(Repeat Chorus)

CHOMP!!!!
