Weird Al Yankovic, You're Pitiful

My life is brilliant...

What, was I too early? Oh, sorry. Should I...Do you wanna start over? Or, keep going?

Okay, now? Now?

My life is brilliant

Your life's a joke

You're just pathetic

You're always broke

Your homemade Star Trek uniform

Really ain't impressin' me

You're sufferin' from delusions of

Adequacy

You're pitiful

You're pitiful

You're pitiful it's true

Never had a date

That ya couldn't inflate

And ya smell repulsive too

What a bummer bein' you

Well ya just can't dance

And forget romance

Everybody you know still calls ya

Farty Pants

:

But you always have a job well I mean

As long as you still can work that slurpie machine

You're pitiful

You're pitiful

You're pitiful it's true

You're awfully dressed

Eatin' chips of your chest

While you're playin' Halo 2

No one's classier than you

Lalala la

Lalala la

Lalala la Loser

You're pitiful

You're pitiful

You're pitiful It's true

Your dog would much rather

Play fetch by itself

You still live with your Mom and you're 42

Guess you'll never grow a clue

When it just sucks to be you
