

Weird War, Mental Poisoning

Hey you spent some time in your sleeping bag
I know how people talk like they do
Yeah you're feeling bad you're feeling sick you're feeling sad
but there ain't nothing wrong with you
hey you're looking fine you're looking hot you're looking good
can i take a look under your hood
yeah you think you're cold and your battery is low but there ain't nothing wrong with you
well i know you're wild but you look so fine and i can't get you out of my mind
i want to believe that i'm looking for a sign but there's no flaw in your design
there ain't nothing wrong with you (3x)
i ain't lying
there ain't nothing wrong with you (3x)
that mental poison messed up your mind
nothing
say it again
nothing
just mental poison
nothing
here's something to chew
there ain't nothing wrong with you

but i been looking you up and down and i think you could do a lot worse
there ain't nothing wrong with you (3x)
i ain't lying
there ain't nothing wrong with you (3x)
that mental poison messed up your mind
